16th November 2015

BYOD Requirements 2016

Dear Parent/Guardian,

The information contained herein has been compiled for parents and students who are participating in our BYOD Program for 2016 at Milton State School.

The information attached will assist you in setting up your device ready for Day 1 of 2016.

- Required Device and Peripherals Information
- Required APP List for Grade 1
- ‘How to’ guides for setting up your specified device, and downloading and installing required APPS/ Programs
- Your child’s Education Queensland Username and Password Details.

All of this information is also available on our school website at www.miltonss.eq.edu.au.

Once your device is set up we ask that you arrange a time with our Techs to connect your child’s device to our school network. You can book in a time during the week beginning the 18th January, with after hour’s appointments also being made available to you. In doing this, your child will be able to use their device from the beginning of term.

Please make your booking here: https://miltonss.sessionkeeper.com.au/
(This link is also available on our school website for convenience, under Technology @ Milton)

If you are unable to make a time during this week please email awaug24@eq.edu.au and I will ensure a technician visits your child in class within the first week of Term 1.

I hope that you find this information useful, however if you need to contact me during the holidays please email me at awaug24@eq.edu.au.

Thank you,

Angela Waugh
Head of eLearning

BYO iPad

Suggested Restrictions in iPads

Under Settings > General > Restrictions we suggest the following restrictions on iPads while they are on the school grounds.

(Please note the suggested settings under the "Allowed Content" section towards to bottom.)

While applying the restrictions, you will be prompted to enter a 4 Digit code. Please remember this code and keep it private.
Settings > General > Passcode

It is also suggested that you have a Passcode on your iPad so that no one can use the device without entering a 4 digit Code first. Please make sure to keep your “restrictions” code and your “Passcode” different, as the student will need to know the “Passcode” and will have to enter it each time they wish to use the iPad.

- **Airplane Mode**: Off
- **Wi-Fi**: On
- **Bluetooth**: On
- **Cellular Data**: No SIM

**General**
- **Sounds**
- **Wallpapers & Brightness**
- **Privacy**

**iCloud**
- **Mail, Contacts, Calendars**
- **Notes**
- **Reminders**
- **Messages**
- **Maps**
- **Safari**

**Passcode Lock**
- **Turn Passcode Off**
- **Change Passcode**
- **Require Passcode**: Immediately
- **Simple Passcode**: 
  
  A simple passcode is a 4 digit number.

**ALLOW ACCESS WHEN LOCKED**

**Erase Data**

Erase all data on this iPad after 10 failed passcode attempts.

Data protection is enabled.
